

EDI

ARE WE CONNECTED?

What is EDI?

EDI (Electronic data interchange) is the exchange of data or business documents, such as purchase orders and invoices between two or more businesses using a standardized electronic format. Without EDI the exchanging of documents is done manually as seen in the illustration below.

What information is communicated through EDI?

- Invoices
- Purchase Order Acknowledgement
- Purchase orders
- Advance ship notice

Benefits of EDI?

- Speed: Reducing steps and response time
- Accuracy: Reducing touch points and mistakes
- Real time transactions for data driven decisions
- Sustainable future: Reducing our environmental impact

Our EDI is compatible with any and all systems

What EDI systems do our partners use?

- Epicore
- Unileak
- SAP
- Prophet 21

Is there a cost?

- No charge from Dormer Pramet
- Charges from partner's third party provider

If you would like more information about EDI or if you would like to know if a channel partner or account qualifies for EDI please contact your local market's EDI Representative.
